

Parent/Caregiver Permissions

By law, schools are required to get permission from parents/caregivers for a number of things these days! As a school, we also require students and parents to sign an agreement that students will use computers and devices available to them responsibly, will attend regularly, follow the school rules and wear the school uniform as set by the Board of Trustees. Please read the attached information carefully, sign permissions as appropriate and return with your enrolment form.

ICT Responsible Use Agreement for Students

I have read and explained to my child, the ICT Responsible Use Agreement and give permission for my child to be given access at school to the internet for educational purposes.

My child and I understand what the school rules are about the use of computers, the internet and other communication technologies and know that if these rules are broken, there may be serious consequences.

In particular, we understand that:

- Students should not share their passwords with others.
- Students will report to their teacher or a responsible adult, any unusual activities such as "spam" communications, obscene email, attempts by adults to lure them into dangerous behaviours. Students should not forward chain letters, jokes, or graphics files
